

QUALITY POLICY

ALUCRAFT

REFLECTING EXCELLENCE

The management team of Alucraft Ltd. is committed to the pursuit of excellence in the areas of quality, training, and continuous improvement in order to maintain customer and employee satisfaction and continued profitability throughout all of our activities.

This commitment is clearly demonstrated by the following:

- The setting of quality objectives, which are clearly defined, measurable and communicated to all within the organisation.
- The monitoring of these objectives through regular review meetings at all levels within the organisation.
- Ensuring a continued focus on corrective actions at all levels within the organisation.
- The provision of sufficient and necessary resources to ensure that the set objectives can be achieved.
- Ensuring that all applicable requirements are met.
- The regular senior management review of the effectiveness of the quality system.
- The continued nurturing of a structured continual improvement programme of both the quality management system and other elements of the organisation through the actions of the steering group.

The management team believe that the adoption of the ISO 9001:2015 Quality Management System by every employee will enable Alucraft Ltd. to enhance its competitive operations and to continue to meet the growing needs and expectations of our customers and stakeholders.

Jack McHugh
